THE BATTLE GROUND OF THE NEXT PRESIDENCY.

[From the Boston Journal.]

The contest of the next presidential campaign will be a severe one, and will call out the full strength of the two great political parties. Each will put forth its best efforts to secure success, and the result will depend upon the action of a few States. Which are they? Let us see.

The Republicans claim the following States as being sure to vote for their candidate:

Maine	7	Ohio	22
New Hampshire	5	Indiana	15
Vermont	5	Illinois	21
Massachusetts	13	Michigan	11
Rhode Island	4	Wisconsin	10
Connecticut	6	Minnesota	5
New York	35	Iowa	11
New Jersey	9	Kansas	5
Pennsylvania	29	Nebraska	3
		Oregon	3
			242

The Democrats claim the following States as being sure to vote for their candidate:

Delaware	3	Missouri	15
Maryland	8	Kentucky	12
West Virginia	5	Tennessee	12
North Carolina	10	Arkansas	6
Georgia	11	Texas	8
Florida	4	Alabama	10
Mississippi	8		
Louisiana	8		
			153

To elect a President by the popular vote it will be necessary to carry at least 201 votes. The Republicans claim that they can certainly carry 242 votes, and the Democrats claim that they can certainly carry 153 votes. Both parties claim that they can carry a majority of the electoral votes. Which party is right? Let us see. The Republicans claim that they can carry New York, New Jersey, Pennsylvania, Indiana, Illinois, Michigan, Wisconsin, Minnesota, Iowa, Kansas, Nebraska, Oregon, Nevada, California, Colorado, Louisiana, South Carolina, and no one needs to be told that they can carry Vermont, Massachusetts, Rhode Island, Connecticut, Ohio, Maine, and New Hampshire. The Democrats claim that they can carry Maryland, Delaware, West Virginia, North Carolina, Georgia, Florida, Mississippi, Louisiana, Missouri, Kentucky, Tennessee, Arkansas, Texas, Alabama, and Louisiana. Let us see.

The following table will show the number of votes each State will cast in the next Presidential election:

Alabama	10	Missouri	15
Arkansas	6	Nebraska	3
California	6	Nevada	3
Colorado	3	New Hampshire	5
Connecticut	6	New Jersey	9
Delaware	3	New York	35
Florida	4	North Carolina	10
Georgia	11	Ohio	22
Illinois	21	Oregon	3
Indiana	15	Pennsylvania	29
Iowa	11	Rhode Island	4
Kansas	5	South Carolina	7
Kentucky	12	Tennessee	12
Louisiana	8	Texas	8
Maine	7	Vermont	5
Maryland	8	West Virginia	5
Massachusetts	13	Wisconsin	10
Michigan	11		
Minnesota	5		
Mississippi	8		

Now let us see how the Democrats propose to get the votes to elect their candidate. They

THE STATE CAPITAL.

Result of the Legislative Caucuses

THE CONTEST FOR THE SECRETARYSHIP.

Chadbourne's Prospects Good.

THE ATTORNEY GENERALSHIP.

Various Other Matters.

The Republican Caucuses Entirely Harmonious—Colonel Robie Nominated for Speaker

SPECIALLY TO THE WHIG AND COURIER.

AUGUSTA, Jan 4. The Republican caucuses to-night were characterized by the most exciting and harmonious action and the utmost unanimity was full. Although Col Porter was defeated as candidate for Speaker he took the occasion to pay a handsome tribute to Col. Robie in his absence, full confidence, and on his motion the nominee was made unanimous.

Mr Neally of Bangor, when he presented the name of Josiah C Burleigh for the office of assistant Clerk of the House, did it in such a graceful and happy manner as to fully complimented and left a most favorable impression.

The Democrats to Caucus—Anderson and Talbot do the Talking—Preparing for a Political Campaign during the Session

The Democratic caucuses were also largely attended. Colonel Samuel Anderson of Portland and John C Talbot of East Machias were the two old soldiers of the party who took the occasion to make addresses to which it was evident that they intend to inaugurate a political campaign during the session. Their remarks savored of the preaching sentiments of the party they represent—enemy, reduction of expenses, low taxes, honest and capable men for office, belonging some of the watch words by which they hope to win their battles.

The Secretaryship Contest—Chadbourn Well Ahead

It seems for Secretary of State still continues to be a skirmish and although it is found out that Chadbourne has still his own way. The Penobscot Somerset and Kennebec delegations to each voted unanimously to go solid for him and other delegations will while I write. The caucuses both of the Republicans to-night to-morrow forenoon will certainly be harmonized.

The Attorney-Generalship

For Attorney General the struggle grows warmer as known positions are developed—for certain. Every friends however, to-night is of success as ever.

For Adjutant General

Chas Hodsdon will be more strongly urged than ever before by the contest is still between Merrill and Boston, with the chances in favor of the latter.

Executive Councellors

The Kennebec delegation have voted unanimously to present the name of Col Charles A Wilde to the other of the Executive Council from his district and there is every prospect that John S Kimball, of Bath will be also presented as member from Sagadahoc district.

The Bridgton Representative

The Governor and Council will report to the House the case of N S Littlefield who has been elected Representative from Bridgton at the recent election.

The Full List of Republican Nominations

[TO THE ASSOCIATED PRESS.]

AUGUSTA, Jan 4 The caucuses this evening were fully attended. Following are the Republican nominations:

President of the Senate Gen J W Hyde of Lincoln; Secretary S W Lane, Augusta; Assistant G E Danforth Bangor, Messenger J H Bass Freeport.

Speaker of the House Frederick Robie of Gorham; Clerk Orimandel Smith, Limington; Messenger J B Walker Turner; Assistants J H Cell, Portland and C. H G Cell, Jackson.

Democratic Nominations:

President of Senate C H Haskell Portland; Secretary Clarence W Robbins Berlin, Assistant H H Bowles Clarendon; Messengers C C Roberts Stockton Springs, John Talbot, East Machias, Clerk C B Morton Augusta, Assistant, F H Morse Skowhegan, Messenger J B Walker Turner.

A Denial

The members of the Oxford Bar who were present have signed a statement contradicting the paragraph in the WHIG AND COURIER which reflects upon the manner in which Governor Perham kept the Court while Clerks of the Court in Oxford county. They say that he was a correct and efficient officer and appointed by the Court to examine and complete the records of his successor who was disabled by sickness.

The Secretaryship—Perham Claims Ten Majority—Chadbourne's Friends Confident

The contest for State officers is very animated. For Secretary of State ex Gov Perham claims ten majority, which his friends think will be increased. Chadbourne's friends appear confident. Many of the specials sent home on the subject to-night are unreliable.

The Adjutant Generalship.

Gen Murray will doubtless be re-elected Adjutant General, though others think different. The Attorney Generalship is generally conceded to L A Emery, of Ellsworth.

FROM GARDINER

Losses by Fire

The new brick block owned by William Collins was damaged $1,500 Campbell's loss is about $2 000; insurance $1,000.

CAMDEN, Jan 4. Schooner Julia Newell of Rockport, was blown ashore last night on Blanchard's Point, but it is thought she will be got off without much damage.

The Brooklyn Board of Aldermen

The political slate for officers of the Brooklyn Board of Aldermen was smashed yesterday by a coalition of two or three Independent Republicans with the Democrats, the result being the complete overthrow of the caucus nominations made under the dictation of Gen Hans, the President of the Brooklyn General Committee, who was defeated himself as a candidate for the Clerkship of the Board. In addition to this Mayor Schroeder nominated Gen Slocum, an Independent Democrat for the vacant office of President of the Board of Civil Works and the Aldermen confirmed his nomination.

A Sweeping Discharge of Employes

The discharge of workmen from the navy yard yesterday was a sweeping one but the men were left in the Construction Department. No work can be done on the new Capitol. Trenton or any other vessel and much damage may ensue.

The Brooklyn boat-builder, Johnson, who was shot at or fell down from a gate yesterday morning is still alive and physicians say some hopes of his recovery. He is gaining ground that his attempted suicide is believed to be depressed in spirits by some thing wrong to business difficulties.

NEW YORK STATE

Organization of the Legislature.

ALBANY, Jan 4. The Legislature organized to-day. Senator Robertson was elected President pro tem of the Senate and Assemblyman Husted Speaker of the House. The organization was harmonious, nothing occurring to the anti-Tilden bolt of the anti bribery oath.

The Governor's Message

NEW YORK, Jan 4. The message of Gov Tilden proposes the reduction of state taxes one-half, revision of the laws of canals, and a proposition to succeed, recommends such measures the ascertaining of the actual condition of the canals, and contracts the letting, the lowest bidder to be accepted. It is in favor of expending the full sum of the State tax upon the Erie canals which have needed a radical change in the system of administration, and contemplates a reduced tolls, urges that the expenses of their repair and alteration be carried before further appropriations are made, deprecates costly buildings for this purpose, asks for a thorough inquiry into the administration of the State Prisons—believes that no right to the Comptroller—holds the said opinion rate the New York Quarantine, which cost more than $2,000 a year, recommends an inquiry into Saratoga Springs, a region of the Rocky Hills and the requiring of more frequent reports of the condition of savings banks, regrets the economical inquiry for disbanding a county regiments, does not favor any appropriation for the encampment. The common schools are mentioned only, the subdivision of their affairs. The Governor dwells at length upon the financial condition of the county and enjoins the remedy for the present evil is a return to the sound principles of Government. The Governor finds no safety but in the restoration of an honest currency. He sees no danger of convulsion in a return to specie payment.

THE INDIANS

AQUATIC

The Coming College Regatta.

New York, Jan 4. The Boating Association of American Colleges met in regular session to-day. The colleges represented were Cornell, Princeton, Columbia Union, Hamilton, Harvard, Dartmouth Wesleyan, Bowdoin, Amherst, Williams Trinity and Brown. The regatta committee presented a majority and minority report favoring Saratoga and New London as the place for holding the centennial contest. Saratoga was selected by 8 votes to 6 as follows: For Saratoga Cornell 6, Columbia 7, Princeton 7, Harvard, Union Hamilton Wesleyan, Williams and Trinity. For New London—Brown Amherst, Bowdoin and Dartmouth.

Positions in the Race,

It was unanimously resolved that the race should be rowed in the same style as that of 1875, also that the position of the crews should be so arranged that number one should be the first on the west side nearest the grand stand. No 2 next, and so on. The delegates then drew lots for their places as follows: Harvard 1, Brown 2, Trinity 3, Williams 4, Wesleyan 5, Cornell 6, Columbia 7, Bowdoin 8, Amherst 9, Princeton 10, Hamilton 11, Dartmouth and Union 12.

The Yale and Harvard Letters

A letter was read from the Yale Boating Association stating that the College had resolved to withdraw from the Boating Association of American Colleges. The resignation of Yale was accepted. A communication from Harvard was also read notifying the association that that college, after the coming race, will not, also intends to withdraw from the association.

Judges Elected.

On motion of Mr Weld of Harvard, it was decided to elect five Judges to be selected from the different colleges, whose stations on the course were to be determined by the referee. After several ballots the following Judges were elected: E. M. Hartwell '57, Amherst, '73; Robert C. Cornell of Columbia, '74, Rufus Anderson of Cornell, '73; A. F. Roberts of Harvard, '71, and Richard K. Cross of Princeton, '63.

The Trinity College Letter.

The following letter was read from the Trinity College Boat Club:—

TRINITY COLLEGE,
Dublin, Dec 10, 1875

To B Frank Rees, Esq.

Dear Sir,—I have to acknowledge the receipt of your letter, and I am directed by the committee of the Dublin University Boat Club to convey to you the expression of their best thanks for your kind invitation and especially for the courteous terms in which it has been expressed. A voyage across the ocean would under ordinary circumstances offer great difficulties in the way of a crew of oars going over to compete with yours, but in addition, our next regatta is to take place at about the same day as yours, so that in my opinion there is no great prospect of our crew being able to make an appearance, but it would be a great source of gratification to us should

The week of prayer has been observed by the First Baptist Church with meetings in the afternoon and evening. This afternoon the meeting is intended particularly for the Sabbath school. Quite a number of conversions have occurred in the school lately.

The Police Records for the month of December show that one man was arrested for violation of City Ordinances, two for assault three for drunkenness and disturbance, twenty four for intoxication, two for larceny, and twenty two applied for shelter.

We are indebted to Julius Whitney for the following statistics. Whole number impannelled in the county during the year is 1,000, number serving a term of 7 days, trial, 92. Of all these 312 were married and 171 single. Seventy eight of the cases settled under 10.

A compromise meeting of creditors in the case of Joshua P Hooper of Buckport, will be held at the Bankrupt Court Room next day. The debtor offers to pay all his debts in thirty days. Hon J C Woodman appeared for the creditors and H D Hadlock, Esq, for the debtor.

WEATHER PROPHETIC. The prophetic report for the evening sheet Chinese for Tuesday is:

Wednesday Tuesday 6th—Prayers from fellers for Colleges [illegible] prodigal sons, for children at school, for those engaged upon professional and commercial life for widows and orphans, for poor and daughters in foreign lands and for all who are naturally ill or otherwise afflicted.

It will be seen by a reference to our report of the doings of the City Government in evening that a petition was introduced for the establishment of a gas light on Franklin bridge. The petition was the result of the owners of Norombega Hall saying that they would keep their rear [illegible] open and open whenever the hall is in use. We are glad to hear of this in the right direction.

GENERous. We stated one time since that Mr B N Thoms of this city was robbed of his tickets to California while in Boston, and a considerable amount of money beside. He did not discover his loss until he had been on the cars some time. He immediately got off the train and returned to Boston where he found his way to the office of the Lake Shore and Michigan Central Railway. The agent of the company Mr Cramwell on hearing of Mr Thoms difficulty telegraphed to Mr Benson, of this city, to find out the number of the stolen ticket. Benson received him a new ticket, and put him on an express train. Mr Thoms overtook his party just beyond Omaha. This was a very generous and courteous act, and will no doubt be appreciated by Mr Thoms and all his friends.

DEPUTY REVENUE COLLECTORS APPOINTED. On January 1st the act for the consolidation of Internal Revenue Districts went into effect and Hon Hiram Ruggles entered upon the duties of his new office. This consolidation rendered the appointment of new deputies necessary and Mr Ruggles has made the following appointments. First Division, embracing Penobscot County, Benjamin F. Hopkins, Second Division embracing Piscataquis Connty, Gardiner F. Danforth, Third Division, embracing Aroostook County, John Z Swanton, Fourth Division, embracing Hancock County, Arthur F. Drinkwater, Fifth Division, embracing Washington County, Jeremiah Foster, Sixth Division, embracing Waldo County and the following towns in Knox County, Appleton, Camden, Hope, North Haven, Rockland, South Thomaston and Vinalhaven, William H. Mesereau.

MEETING OF CHILDREN'S HOME. The meeting of the Children's Home in the Aldermen's room, yesterday afternoon, was opened with prayer by Rev Mr. Stone. The reports of the Secretary, Treasurer and Auditors were next read and accepted. The following officers were elected for the ensuing year: Mrs G. K. Jewett, President; Mrs. H. G. Fitcher, Vice President; Mrs M. L. Patten, Secretary, Miss Rebecca Barker, Treasurer; Jacob Wheelwright, G. W. Merrill and Walter Brown, Trustees. The following are the list of managers: Mrs. Walter Brown, Mrs. Lewis Barker, Mrs. Almon Butters, Mrs. Peter Cushing, Mrs. S. H. Dole, Mrs. Emerson Downe, Mrs. S. C. Fay, Mrs. John W. Garnsey, Mrs. G. K. Jewett, Mrs. A. K. P. Leighton, Mrs. G. W. McGill, Mrs. Leonard March, Mrs. S. B. Morrison, Mrs. Geo. H. Nejbuhr, Mrs. H. E. Prentiss, Mrs. Mary L. Patten, Mrs. H. G. Pitcher, Mrs. Chas. G. Stearns, Mrs. Geo. E. Smith, Mrs. Josiah Towle, Mrs. D. F. Waughop, Mrs. A. M. Winter, Mrs. Jonh W. Palmer, Mrs. Frank Hinckley, The meeting was large and very interesting.

LEAK FOUND. For several days past the agents of the Holly Co. have been severely exercised over a supposed leak in the pipes near West Broadway, and they have had men digging in search of the leak. In laying the pipe on West Broadway, a waste pipe connected the main with a reservoir. This kept up a circulation and avoided any possibility of the water's freezing. A drain tyle carries the surplus water from the reservoir. The water flowed in so fast that it was constantly flowing out, and as the drain tyle was not connected with any sewers, it emptied into the gutter and backed up into the trench. The water was noticed, and it was thought there was a leak, but it was not so.

EXHIBITION PET. The exhibition test of the Holly System occurs to day. Large numbers of city guished visitors from abroad are expected to arrive on the morning train. Of the west erly storm the exhibition will be made shorter. The following is the programme for the day.

LEAK FOUND. For several days past the agents of the Holly Co. have been severely exercised over a supposed leak in the pipes near West Broadway, and they have had men digging in search of the leak. In laying the pipe on West Broadway, a waste pipe connected the main with a reservoir. This kept up a circulation and avoided any possibility of the water's freezing. A drain tyle carries the surplus water from the reservoir. The water flowed in so fast that it was constantly flowing out, and as the drain tyle was not connected with any sewers, it emptied into the gutter and backed up into the trench. The water was noticed, and it was thought there was a leak, but it was not so.

EXHIBITION PET. The exhibition test of the Holly System occurs to day. Large numbers of city guished visitors from abroad are expected to arrive on the morning train. Of the west erly storm the exhibition will be made shorter. The following is the programme for the day.

FOREIGN NEWS.

SPAIN.

Action of the Cabinet on Learning of the Contents of the Circular Note of the United States.

MADRID, Jan. 4. The Spanish Cabinet learned from a confidential quarter in the middle of December, the contents of the circular note of the United States to the European powers regarding Cuba. Upon thereupon instructed their representative to explain to the various Governments that the Cuban question was not only of American, but of European interest; and that the complications between the United States and Spain might have incalculable consequences for Europe. The world encourages the Cubists to make a prolonged resistance and favors the hopes of the Federalists, Republicans and Socialists. The Austrian Government received these declarations in a friendly manner, and will not reply to the last American despatch which was only read to Count Andrassy and which not only repudiates any intention of annexing Cuba, but in reality contains no definite conclusion.

The best method of healing Catarrh and Lung diseases is by inhalation, but for the want of proper inhalants, the highest results of direct application have never been attained. Tar has long been known as the best article for this purpose, although little used in its crude and impure state. This difficulty is now overcome, and 'Forest Tar Solution' (being pure tar) is offered as the best inhalant in the market. The 'Forest Tar Book' explains the application and the use—apply to your druggist.

SCHENCK'S PULMONIC SYRUP, SEA WEED TONIC, AND MANDRAKE PILLS. These deservedly celebrated and popular medicines have effected a revolution in the healing art, and proved the fallacy of several maxims which have for many years obstructed the progress of medical science. The false supposition that consumption is incurable deterred physicians from attempting to find remedies for that disease, and patients afflicted with it recklessly resigned themselves to die without making an effort to escape from a doom which they supposed to be unavoidable. It is now proved however that *Consumption can be cured*, and that it *has been cured* in a very great number of cases (some of them apparently desperate ones) by Schenck's Pulmonic Syrup alone; and in other cases by the same remedy in connection with Schenck's Sea Weed Tonic and Mandrake Pills; one or both according to the requirements of the case.

Dr. Schenck himself, who enjoys a long established good health for more than forty years, was supposed by many to be in the very last of consumption, and would have died, his physicians having pronounced his case hopeless, had abandoned him to his fate. He was cured by the aforesaid medicines and is probably the means of sa

WINTER'S HOPE

The Autumn days are all gone and flown;
The clear leaves from off the trees
Are shed with sad and doleful moan
Of whistling wild and mournful breeze

The snow-capped earth bears far and near
Tinges sadden'd sign of Autumn's death,
And leafless forests violet and drear,
Oppress us with their chilly breath

Let us look around once more—
Is there no cheer to cheer our gaze?
Still there are sources of delight,
While we are subject without fear of blight

No season, not even winter's rage
Shed from you hill the red'ning crops
Has power with blighting keen
To stop the earth all its duties

And in departed hot, green springs
The birds their cheery, brave and bright,
While crickets stop their rustling wings
To help us cheer song with all their might

Our life shall come to a joyful hours
And all may still an hilarity seem
Indeed, if join well with some flowers,
While even then some joyous beam

I pray you, therefore that the wish
Just mean, for a, not wasted hour
Let this be a token of years to come
Near light new hopes, calm joys for those
